

Peak Design Wash Pouch

Origin
Vietnam

In designing the classic Wash Pouch Peak Design aimed to create a toiletry bag with the perfect balance between elegant simplicity and thoughtful functionality. Dopp kit, ditty bag, call it what you will—it's one of the most essential and oft-used travel items you own. Thanks to the use of durable, weatherproof, easy-to-clean materials that repel water and stains, Wash Pouch can take a beating and will still look sparkling clean for years to come. The weatherproof UltraZip allows the bag to open up extra wide, giving you total visibility and access to your items. The UltraZip can withstand decades of use thanks to its proprietary abrasion-resistant thread. Sits upright on a counter or hangs via a stowable aluminum hook. A network of internal TPU-coated nylon mesh pockets, internal zippered pocket, and a magnetically-sealed toothbrush pocket keep items organized and clean. Plus, all pockets can turn inside out for deep cleaning in case of spills. External zip pocket for a razor or other item. Fair Trade Certified and 100% carbon neutral. The Wash Pouch can be personalised with a thermal print.
