

JBL Go 5

Origin
China

Big sound energy that fits in your pocket

Let's be real: nobody wants to lug around a heavy speaker, but everyone wants great audio. The JBL Go 5 packs that iconic JBL Pro Sound into a design so small it practically disappears in your palm. It's built for those who need a constant soundtrack, offering up to 10 hours of playtime on a single charge. Toss in the customizable ambient lighting, and you've got a speaker that sets the mood as well as it delivers the bass.

Clumsy-proof and ready to connect

This little powerhouse is built for real life, meaning it's fully waterproof, dust-proof, and even drop-proof. Whether it takes a tumble off a desk or gets caught in a downpour, the music doesn't stop. Connection is just as easy: with AirTouch, you can literally just "bump" two Go 5 speakers together for instant stereo sound. Want to go even bigger? Use Auracast™ to link up multiple speakers and really get the room moving. It's the perfect, worry-free gift that proves your brand knows how to have a good time.

Orders for personalised JBL products will only be accepted if JBL approved the personalisation and upon receipt of a signed Harman purchase and sale agreement. Orders with unpersonalised products are only accepted if you have a JBL-HVP contract. Please state your contract number when ordering. Dealer is not allowed to make use of official JBL/Harman partnership Trademarks and Proprietary Rights.
