

Fresh 'n Rebel Magnet Wireless Powerbank 10000 mAh

Origin

Never run out of battery with the Magnetic Wireless Powerbank

No more stress about a smartphone battery dropping into the red during a busy day out of the office. This Magnetic Wireless Powerbank by Fresh 'n Rebel excels in simplicity: thanks to its ultra-thin and lightweight design, you'll barely notice it's attached to the back of your phone. The ultra-strong Neodymium magnets ensure the charger stays perfectly in place, giving your device a major power boost right in your bag or jacket pocket while you're on the move.

Lightning-fast charging and hands-free working

With the choice between 15W wireless charging or an even faster 20W boost via cable, you will be back online in no time. The powerbank has enough capacity to fully charge your phone up to two times. Simply flip out the clever built-in kickstand to instantly transform your workspace into a hands-free mini display - ideal for that quick video call on location. An incredibly handy and highly sought-after gadget that shows your company truly understands what modern professionals need!

- Compatible with Apple MagSafe and Google PixelSnap
- Qi2 wireless charging
- Charges average phone up to two times
- Built-in phone stand
