

Peak Design Field Pouch

Origin
Vietnam

Field Pouch is the only organizer that is truly 2 bags in 1: a minimalist carry-all sling bag, and compressible in-bag organizer. A roll-top opening grants easy access, massive expansion (it doubles in volume), and quick compression to eliminate unused space. Inside you will find a thoughtful layout of stretch pockets and zip pockets to keep cords, cards, batteries, keys—even small lenses or camera bodies—organized and not jingling around. Included ultralight adjustable strap enables cross-body or shoulder carry, and integrated belt loops allow for waist carry. All fabrics are recycled and Bluesign approved, including the soft internal felt liner and the 400D double poly-coated weatherproof nylon canvas shell. The Field Pouch comes with a strap, improved pocket layout, and dual Capture attachment points. Updated patterning integrates loads of functionality into single, sweeping seam lines for a timeless, minimal look. The Field Pouch can be personalised with a thermal print.
