

Therabody Wave Roller

Origin
China

The Wave Roller combines powerful vibration therapy and an innovative wave texture to deliver the most powerful, efficient full-body foam rolling experience. This Bluetooth enabled vibrating foam roller, measuring 30 cm long, allows you to connect to the Therabody app for personalized recovery routines, releasing tension, and increasing mobility where you need it most. With 5 customized vibration settings, it offers a tailored experience to enhance your recovery process. The Wave Roller can be personalised with a sleeve and pouch with thermal print in full colour.
