

Peak Design Travel Duffel 65L

The Peak Design Travel Duffel combines a timeless design with a robust construction for travel, sports, and business use. The series offers four sizes: the compact 35L and 50L for carry-on and the spacious 65L and 80L for heavy loads. The bags consist of 100% recycled, weatherproof Versa Shell 600D with a waterproof bottom liner. Available colors vary by model: the 35L and 50L come in Black, Coyote, Eclipse, and Sage, the 65L in Eclipse and Sage, and the 80L in Black and Sage.

The layout includes two internal mesh pockets and four external side pockets for organized storage. An extra strong UltraZip zipper guarantees decades of ease of use and wide access to the contents. All models are fully compatible with Peak Design Packing Cubes and Camera Cubes for a modular setup. The bags feature removable, padded handles and a cushioned shoulder strap for optimal carrying comfort. Production is fully Fair Trade certified and carbon neutral.

The Peak Design Travel Duffel can be personalized with a printed ID Tag via thermal print or the optional unprinted Packing Cubes.
